## THE ANGLICAN CARE NETWORK

# PURPOSE

The Network is made up of Anglican social services providers, both parish and community based throughout New Zealand seeking to express the love of Christ through service justice and equality for all.

# VISION

Our vision is to uphold the partnership responsibilities and opportunities of the Treaty of Waitangi and work for; Aotearoa New Zealand to be free of poverty, violence and discrimination An inclusive society in which all are treated with dignity and respect A compassionate and just society which challenges inequality A society in which all create and share prosperity and share responsibility for each other A sustainable society for future generations.

# THE LOGO

The C at the centre of our logo stands for **Care**, it incorporates the shape of the Koru – by sitting at the centre of the square, the C suggests one entity within the entire framework of the Church and depicting the various ministries embraced by it.

The A stands for both the A in **Anglican** and the structure of the church itself, reinforced by the cross at the apex.

# MISSION

The Network aims to;

- Advocate policies and legislation that promote social justice. We work alongside the Social Justice Commission, the New Zealand Council of Christian Social Services and Anglicare Australia.
- Increase the range of choices and opportunities for all members of the community, with special regard for vulnerable people.
- Encourage public participation in the shaping of social policies and institutions.
- Support members who belong to the Network to maintain high levels of competency in their particular area of work.

## WHO IS YOUR NEIGHBOUR? (LUKE 10:25-37)

The Network partners with all those committed to supporting the needs of people in their local community. We share a common faith with our other tikanga partners and with other community organisations who share our values.
